

ASSIGNMENT 3

1. Explorative Brainstorming

Brainstorm in groups of 5-6 students scenarios where you could benefit from using a specialized mobile App. Focus on areas that are not well-explored already.

2. Specific Brainstorming

Pick one of the scenarios from the previous brainstorming session and host another session in your teams (2 students), where you try to identify specific Apps that could benefit that scenario. Capture your ideas in a concept map.

3. Storyboard

Build a storyboard illustrating the your most promising idea.

Submit your hand-drawn concept map and storyboard on two separate sheets of A3 paper by Tuesday, April 12th 9:00.
