media computing group

RWTH AACHEN UNIVERSITY

Are you a director?

We, the Media Computing Group, provide video recordings of all our lectures in L2P and on iTunes U. Additionally, we publish video features about our research projects at conferences and on YouTube. We need **your** help to film, cut, and distribute these recordings!

You should...

- not be scared of Macs

- have some experience with video editing and recording

- be interested in a long-term employment (more than one semester)

- be reliable and work independently

- want to work in an awesome team!

You will have to...

- be present at the lectures you record

- edit recordings of each lecture within one week (flexible working hours)

Interested?
