

# ARPen

1. Print this document on an A4 sheet without scaling. After printing, the marker (the black box in the image) should be a square with a side length of 2.58 cm.
2. Fold along the dashed lines so that the image (ARPen) inside the lines is facing towards you after folding.
3. You can use this ARPen with our ARPen iOS app, see <https://hci.rwth-aachen.de/arpn-ios>.
