MusicKit JS

by Felix Wehnert

How to get MusicKit JS

```
<script src="https://js-cdn.music.apple.com/musickit/v1/musickit.js"></script>
```

- MusicKit JS can be downloaded from Apple's CDN

- exposes `MusicKit` object

- must be included from https

How to use MusicKit JS

```
MusicKit.configure({
    developerToken: '…', // https://medium.com/@leemartin/creating-an-apple-music-api-token-e0e5067e4281
    app: {
        name: 'AppleMusicTest',
        build: '1978.4.1'
    }
});

let music = MusicKit.getInstance();
```

Configure MusicKit

Get instance of MusicKit

Get Music 🎵

```
// Library Songs
music.api.library.songs()

// Library Albums
music.api.library.albums()

// Library Playlists
music.api.library.playlists()

// Search
music.api.search({ term: '…', types: '…' })

music.library.api.search({ term: '…', types: '…' })

// Add to library
music.api.addToLibrary({ songs: ['1207120538'] });
```

Play Music 🎧

```
music.setQueue({ album: '1207120422' }).then(() => {
    music.play();
});

music.skipToNextItem();

music.skipToPreviousItem();

music.pause();
```

Play Music 🎧

```
music.setQueue({ songs: 'i.lmrltorDvkk' }).then(() => {
    music.play();
});
```

Apple, pls fix: **40987177**
